ABOUT NCHSA

The North Carolina Head Start Association (NCHSA), founded in the 1970's is a private, not-for-profit membership organizations dedicated to improving the quality of early care and education for Head Start (HS) and Early Head Start (EHS) children and their families. It is our mission to support the Head Start community through leadership, advocacy, partnership and professional development in order to promote the delivery of high-quality services to children and families. Head Start promotes the school readiness of children from birth to age five from low-income families by enhancing their cognitive, social, and emotional development. Head Start programs provide a learning environment. Head Start emphasizes the role of parents as their child's first and most important teacher. These programs help build relationships with families that support family well-being and many other important areas. Many Head Start programs provide Early Head Start, which serves infants, toddlers, and pregnant women and their Families who have income below Federal poverty level. Our vision is a state where young children who are economically and socially disadvantaged begin their formal education ready and resilient.

The North Carolina Head Start Association (NCHSA) invites you to submit an application for sponsorship for one or of our training events. Our conferences provide the perfect opportunity to connect with colleagues and gain insight from noted speakers and knowledgeable presenters addressing key issues, quality initiatives, and best practices.
